

PROOFER / HOT CABINET Non-Insulated

Model: □ PHC70-MP17

Design Features

Add Increased Efficiency!

- Proof or hold with adjustable temperature from 80°F (27°C) to 180°F (82°C)
- Maintains uniform temperature throughout cabinet
- "Cast-in" humidity system prevents element burnout from water spills and potential injury from accidental contact with exposed heating elements
- Self-draining feature collects excess moisture into a standard 18" x 26" bun pan (not included) below the base of the cabinet
- Completely removable interior components for quick and easy cleaning

Quality Construction

- Aluminum construction
- Full-length Lexan® door with heavy-duty hinges, positive closing latch and perimeter gasket
- Extruded universal pan supports accept a variety of pans and screens
- Removable heating module with separate controls for heat and humidity
- Heavy-duty plate-type casters with 5" hard neoprene wheels, front two with brakes
- One piece, formed base with welded corners

Options & Accessories

- Door hinging
- Corner bumpers
- Perimeter bumper
- Dutch doors
- Drip trough
